ALAUDA
LEARNING CENTRE

The ALAUDA WAY

There is a balance between knowledge-based presentation, discussions, exercises and case studies. About two third of the time is spent on activity based learning. A mock examination paper will be discussed throughout the course to help students to be familiar with the style of the examination.

WHO SHOULD ATTEND

- Members/supporting personnel who are responsible to audit, implement, improve and maintain an environmental management system;
- Personnel who wish to gain maximum benefits from the EMS implementation
- Any other personnel who wish to advance their career in testing and calibration laboratories
